e-waste recycling and remarketing services

## ***3R Technology R2 Environmental Policy Statement***

3R Technology is committed to maximizing our ability to properly reuse and recycle electronics waste, and to reduce our impact on the environment. Together as an organization, we strive to continually improve our environmental performance over time and to initiate additional projects and activities that will increase our performance and further reduce our impact upon the environment.

Our commitment to the environment extends to our customers, our staff, and the community in which we operate. We are committed to:

Comply with all applicable federal, state and municipal environmental regulations;

Prevent pollution whenever and wherever possible, both at our facility and by all of our downstream partners;

Train all of our staff on our environmental policy and programs and empower them to contribute and participate;

Communicate our environmental commitment and efforts to our customers, staff, and our community; and

Continually improve over time by striving to measure outputs and effects of our operation and by setting goals to improve these results.
